Great Reduction in Gasolene Stoves.

CHEAPER THAN EVER BEFORE KNOWN

M.r. Flora Goucher, formerly of Springfield, now of Chicago, is visiting Mrs. L. M. Doup, of South Factory street.

J. F. McGrew, Esq., has opened a law office on the second floor of the old Republic building, Main street, and resumed practice.

High school commencement this year will be at Black's Opera House, Tuesday evening, June 9. The final examinations are now it progress in the graduating class.

Deputy Sheriff A. J. Baker went to Cincinnati today for Webster, the Weaver horse thief, serving a sentence in the work house there. Webster was indicted by the grand jury last week.

The Norwalks played the Sanduskys Wednesday and were besten 19 to 1. They could do nothing with Frank Mitchell's delivery, getting only four scattering safe hits off him. Thursday they were beaten 20 to nothing.

At a full meeting last night of the Probibi tion Club, Rev. A. B. Leonard, D. D. presented an able paper on "Mormonism," bringing out some startling facts regarding the encroachments and assurance of the "Twin

The entire "Wild West" company of In dians, scouts, cowboys, etc., have secured seats and will be in attendance at the entertainment of the Old World Gem Co. at Black's Opera House tonight.

Judge White is occupying the judge's room at the court house, to the left of the bench, as his private office. The walls are to be papered and a case of shelves for books put in. This will be convenient for those having business with the court quite often.

J. D. Woods, the veteran assessor of Spring field township, made his returns to the County Auditor this forenoon. Total of personalty this year, \$914,920, a decrease from last year of \$4,810. The Harmony township assessor, Wm. McMahon, reported yesterday, Total personalty, \$410,490, a falling off of \$19,290. So they go.

A Sea Shell Pink.

In our report of the marriage of Mr. J. N Douglas and Miss Vene Houck, which appears on our inside, we make it read that the bride appeared in a dress of "reachell" pink, when it should read "sea shell" pink.

Springfield is getting up a reputation as the Champion City for conventions. The Ohio mate Pharmaceutical Association adjourged Sandusky ye terday to meet in this city one 2, 1886. Dr. Ches. Ludlow, of this city, Huston, of Columbus, treasurer. Dr. Virgil dusky meeting, is chairman of the committee on papers and queries for the next convention. The Osio druggists will be received with open arms by able-bodied Springfield. Come me, come all.

Base Ball Bits.

Wilcox, the Inter-State League umpire, is from Detroit, not Dayton. He played with the Daytons awhile.

The Lexingtons arrived in time for a game today, but probably there will be none, the condition of the grounds being bad. Reising and Flynn, of last year's Springfields and heavy attendance. Cooney Bowers, of the Daytons, are with the Lexingtons. Arundel and Carroll will be the battery.

There will be a directors' meeting of the tant business. It is necessary that two of the thirteen men now under pay be released and this will be one item of business to receive attention. The release will be announced before the team starts on its tour

The following Youngstown special ap pears in the Enquirer today: "The directors of the Youngstown base ball club have under consideration a proposition to make application with the Springfield club for admission to the Western League. The games thus far this season show clearly the superiority of the Youngstown and Springfield clubs over all in the Inter-State League, and it is believed they can hold their own in the Western League. The proposition is not, at first blush, received in high favor here. The Western League includes the Milwaukees, Indianapolis, Omahas, Toledos, Clevelands, and other strong teams, and either Springfield or Youngstown would have little show for top places. Such representations may be made, however, as to change the views now held.

GRAND ARMY DAY.

Executive Committee appointed Evening to Make Arrangements—Pro-ceedings at Mitchell Post Meeting.

Comrades of Mitchell Post No. 45 G A. R mustered in good force last night, proving the efficiency of the new plan of holding weekly meetings. The roll of officers was called, for the first time under the revised bylaws, General Order No. 16 as to Memorial Day, already published, was read. Eight suspended comrades were re-instated in compliance with rules. One recruit was elected and mustered, and one application received and referred. The greatest interest was manitested in the coming State G. A. R. reunion bere in August, and a general disposition was manifested to take hold and help the en-terprise along in whatever way presented. Command r Penfield, after he had himself been, by motion, constituted chairman, ap-

we charge of general arrangements, with wer to appoint sub-committee: F. S. Penfield, T. M. Gugenheim, W. H. Grant, D. C. Putnam, A. S. Bushnell, D. W. Stroud, Am. Winger, T. E. Lott, R. F. Delo, A. O. Huff-man, B. L. Kilpatrick, and Ira W. Wallace. David King, O. N. Bartholomew, J. W. R. Cline. This committee will proceed at once to work and after Memorial Day preparations for

the great event will be actively entered upon. t was thought by some that the notices as to service in the ball Hunday afternoon, preliminary to Memorial Day, had been too ex-clusive. It is desired that all members of the post and visiting comra les, their families and relatives, the Women's Relief Corps and Sons of Veterans attend, but in addition, to the capacity of the hall, the public so disposed are privileged to be present. It all the G. A. R. comrades were present with their families it would test the scating capacity of use, but there is likely to be space for

BORDER WARFARE.

Exhibition of the Wild West, Its Manners and Customs at the Fair Grounds.

The Great Wild West show appeared this noruing in the grand street parade and surprised the spectators with the immense herd of buffalos, wild steers and untamable mustangs that no man has yet succeeded in viding. There were over twenty buffalos ranging from the yearlings to Old Bess, the biggest buffalo in captivity. Dr. W. F. Carver, the handsome scout and champion wing shot of the world, led the parade in company with Captain Jack Crawford, the poet scout and Mr. J. J. McCafferty, the wealthy young rancher of Ft. Worth, who is proprietor of the how. One very strong feature was Prof. Mygrants, the famous cornet soloist and his own band of selected musicians who rode i costly tally he coach, imported from London for this combination. During the parade Prof. Mygrants rendered selection on a \$5,000 gold cornet, studded with diamonds, and th excellence of the music was in keeping with the beauty of the costly instrument which was made expressly for this eminent soloist The only pair of Zucateens buffalos on exhibition, from the mountains of Mexico, aroused great curiosity, and considerable speculation was indulged in regarding their origin, as the like of them has never been seen anywhere it the United States. They are similar to the American bison, but are smaller in statue and have long, silky black hair that almost tenches the ground. In the afternoon the performance was witnessed by a large audience which had gathered in spite of the rain, and every one went was made local secretary, and Dr. Ches. away pleased, as the programme was executed in every detail. The last oing of wild Coblentz, of this city, who attended the San- horses, long-horned Texas steers and untamed mustangs was perfect, the cowbeys and vanqueres seidem missing a threw, and catching the inturiated animals in any way they desired. The shooting by Dr. Carver i simply a wonderful performance. He used a

The rain today stopped work on the wigwam during the forenoon, but the delay will

not be serious. The name of General John Beatty will be presented to the convention by Judge J. A. Ambler, of Salem, and seconded by Colonel Allen Miller, of New Lexington. Both are

among the finest orators in this country. The Foraker and Beatty men are not pleased with the action of the Central Comsittee last Saturday in choosing country delegates, claiming with how much truth deponent sayeth not, the delegation was sort of set up for Kennedy. They think the convention here on the 8th of June should choose the entire fifteen delegates for the county and submit their action to the credentials committee at the State Convention.

Five members of the Press Committee me at the Arcade last night and transacted some business of no great importance. Chairman Frey was appointed to confer with the Exec utive Committee as to expenses, estimated at about \$50, for badges for the press, lights, tables, etc. It was stated that requisitions for eats at reporters' tables were coming in more umerously than calculated on. The Cincinnati papers ask for three places each, Ohio State Journal four, and so on. Arrangements

will have to be made accordingly. The official call for the Prohibition State covention will be issued in a day or two. The basis of representation will be one for every twenty-five votes east for John P. St. John for President, and one for every fracti n hereof of over ien. This will make a total of 435 delegates, according to the figures of air
